- A **target** is being proposed to empower and promote the **social and economic inclusion of older people** along with other groups such as children, youth and women.
- Growing collaboration with the Youth and Gender constituencies
- **Human rights high on the agenda**

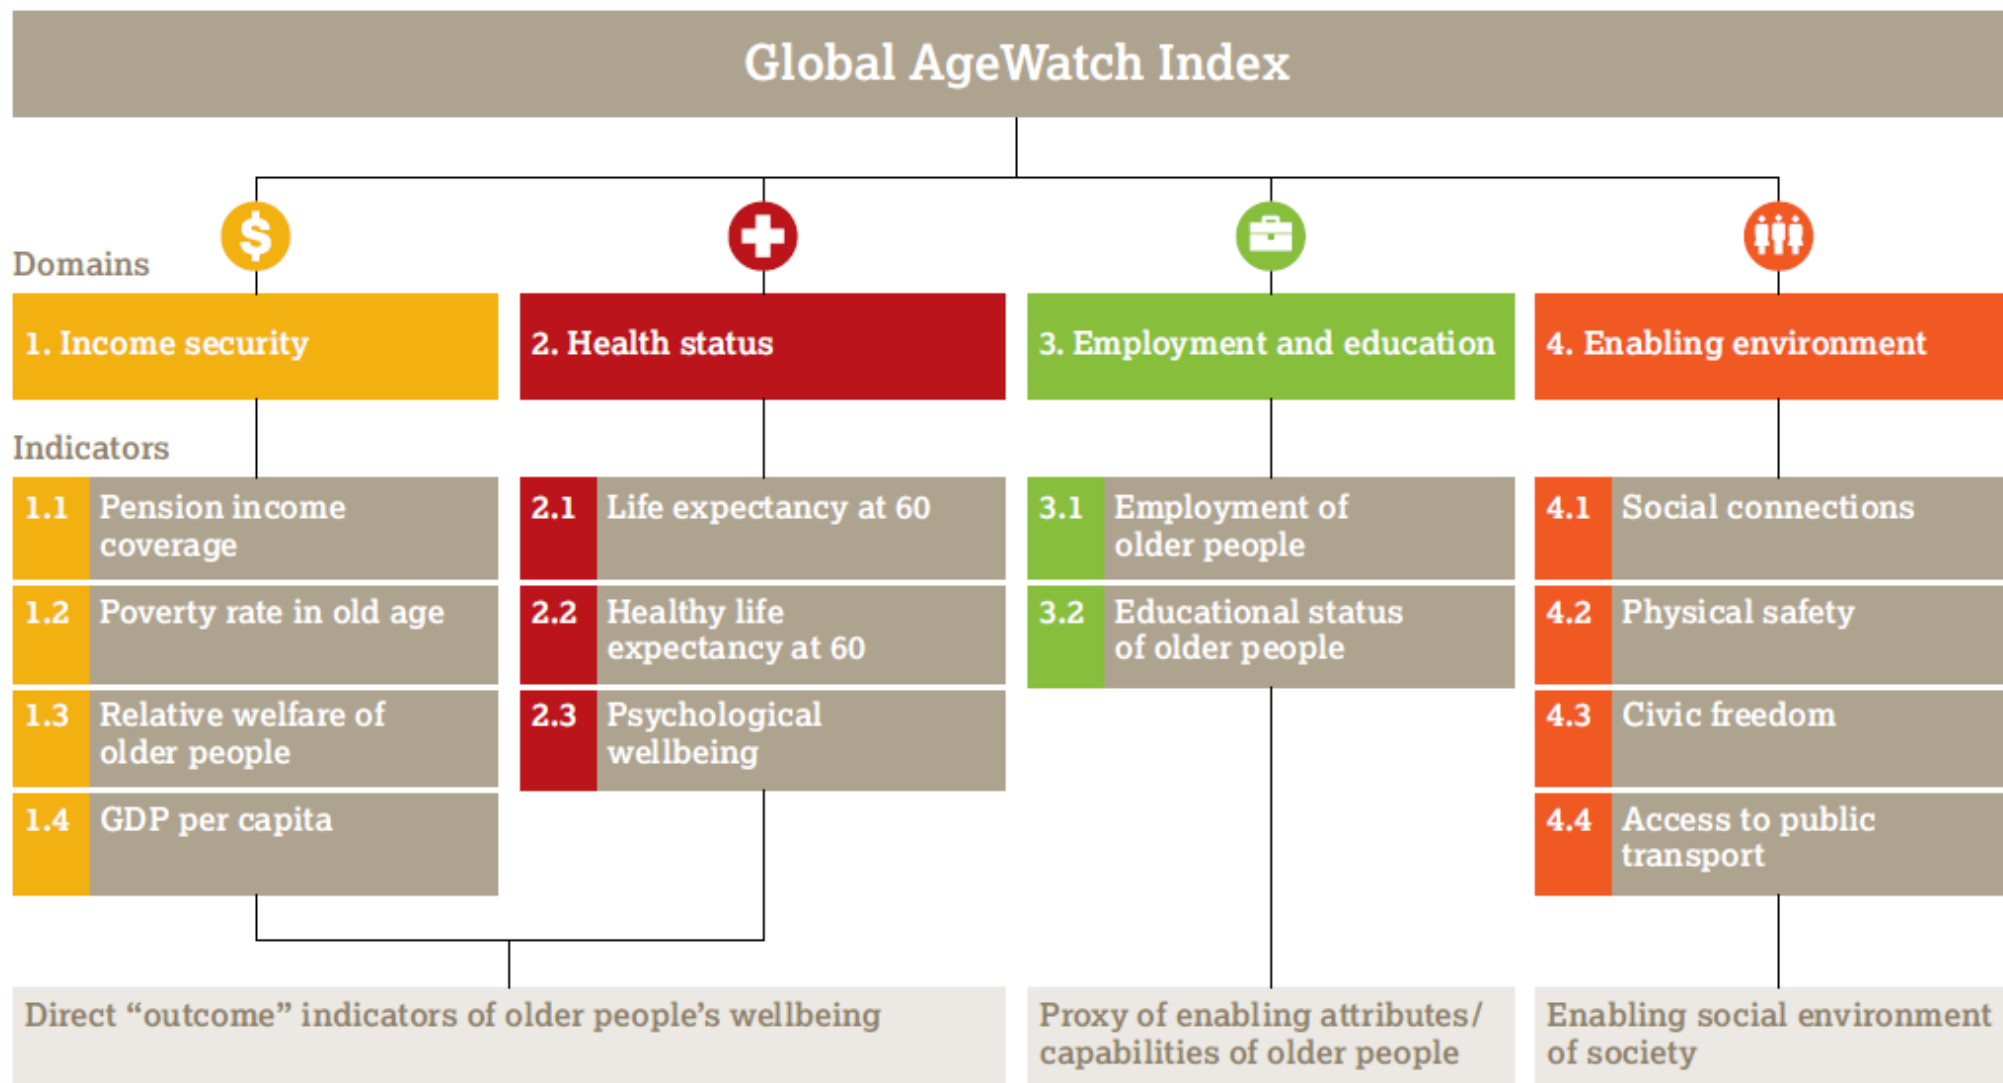

What are the challenges?

- Target on **social protection floor** is not yet universal – not good enough.
- **Decent work** target does not include older people
- Language '**of all ages**' is still not secured
- **Not enough**
- **Member**
